

Fastball, Slow Drag

Slow drag off a cigarette
Slow drag and I'm lying in my bed
All the world is sleeping like a baby tonight
I wanna lay you down
In the ground, alright.

Slow drag and I can't get up now
Slow drag. You've been messing with my mind
All the world is sleeping like a baby tonight
I wanna see you dead
Laying in the muddy ground

You're nothing to me
Nothing to me
Nothing to me no more

All the world is sleeping like a baby tonight
I wanna see you dead
Laying in the muddy ground

You're nothing to me
Nothing to me
Nothing to me no more
