

# Fatal Flowers, Well Baby (Part 1 & 2)

Sleep tight little girl, daddy's watching over you  
He's gonna kill your mummy first, and then he is gonna kill you too  
And then he'll lay down in his bed put his .44 against his head  
And no one's gonna trouble us no more

Sun sets there's a knock on my door  
Warden says got no time no more  
Just another fight, another lie And another lonely day that's gone by

Well baby I can't wait for the day when we meet again  
And baby, just maybe they'll let me out this spring  
And I'll go running for that station and take the first train home

Everyday there's another grey suit  
Tellin' me stories that I know ain't true  
About you and the kids and the way you died  
Mum and dad came to see me today  
Daddy says he's got nothing to say  
And mummy just stares she's got this funny look in her eyes  
Sun rises there's a knock on my door  
Warden says got no time no more  
I get to smoke one last cigarette  
But he knows I don't smoke, never have
