

# Father John Misty, Real Love Baby

Our hearts are free  
So tell me what's wrong with the feeling  
I'm a flower, you're my bee  
It's much older than you and me  
I'm in love, I'm alive  
I belong to the stars and sky  
Let's forget who we are for one night  
We're not animals baby  
It's the people who lie  
I want real love baby  
Don't leave me waiting  
I've got real love maybe  
Wait until you taste me  
I want real love baby  
There's a world inside me  
Got the preacher's music  
Just if for a minute
