## Fear Factory, Scream & Shout

Written & Drill Wilde, Andy Janssens, Steven Tracey & Drill Wilde, Andy Drill Wilde, A

I cannot see you but I know you're there To awaken my heart tonight There's a dream I will follow A passion I search Many montains to climb

I've finally found you My kisses surround you There's no turnin' back this time

Can you hear me call Can you hear me call

I'll tell it to the one I love Shout it to the World Above Baby don't you understand That everything belongs to us

Chorus
I wanna scream and shout
Can you hear me
I wanna make you shine
I wanna scream out loud
Please believe me
I wanna make you mine

x2

I know what you're thinkin' So don't say a word We'll do everything on the fly I'm out on a mission

Got a very strong vision Of what's on your mind I've finally found you My kisses surround you There's no turnin' back this time

Can you hear me call Can you hear me call

I'll tell it to the one I love Shout it to the World Above Baby don't you understand That everything belongs to us

Chorus
