

# Fergie, Love Is Blind

Hay baby, won't lie to me  
oh darling, tell me, pretty please  
Baby, won't tell me what I wont ot hear?  
don't leave me  
don't leave me alone

but those bitches  
I don't wanna know  
They think they love you  
They had you for a minute  
just tell them you belong to me

don't leave me  
don't leave me alone  
/2x

You number one  
I just wanna be  
you only love to me  
it's crystal clear  
I'm in love and love it blind /2x

Cook you breakfast in my birthday suit  
when you're sick  
I'll cook you chicken soup  
just feed me the delicious lines I want to hear  
don't leave me  
don't leave me alone

but those bitches  
I don't wanna know  
They think they love you  
They had you for a minute  
just tell them you belong to me

don't leave me  
don't leave me alone  
/2x
