

Fifth Harmony, Anything Is Possible

B-A-R
B-I-E
Together, forever
You and me

I can be anything I wanna be
If I can dream it I can do it, know what's out for me
And I will, yea I will
And I know I can do it cus I got my friends
We'll go on a journey that will never end
Yea, we will
We will

We can be anything we want

(Chorus)
Me and my girls!
It's our world
Anything is possible, we're unstoppable
Me and my girls!

B-A-R
B-I-E

We're dreaming big, I know we are
We've got it all, we'll be superstars
Yea we will, we will
We're looking good, we're feeling proud
Gonna stand up, gonna shout it out
Yea, we will
Yea, we will

We can be anything we want

(Chorus)
Me and my girls!
It's our world
Anything is possible, we're unstoppable
Me and my girls!

Let's go

B-A-R
B-I-E
I've got all my girls with me
Barbie!
B-A-R
B-I-E
Together, forever
You and me

If I can dream it, then I can do it
I've got my girls with me
There's nothing to it

(Chorus)
Me and my girls!
It's our world
Anything is possible, we're unstoppable
Me and my girls!
