

# Fifth Harmony, Big Bad Wolf

[Verse 1: Ally]

Kiss for a kiss, my two lips got you racing  
Baby we're guilty, wherever we are  
Angel confess, let me be your salvation  
I'll carry you through the dark

[Pre-Chorus: Normani]

Let me give, let me give you something to believe in  
You don't gotta, you don't gotta even have a reason  
(You don't even gotta have, gotta have a reason)  
You can love me, you can love me baby all weekend  
Come on, come on over here and sink your teeth in

[Chorus: Dinah & Camila]

Cause if you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf  
If you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf

[Verse 2: Camila]

Whisper your secrets and mine will take over  
Swing like your chariot and let me ride  
Drunk off my body, you'll never be sober  
I'll be your poison tonight

[Pre-Chorus: Normani]

Let me give, let me give you something to believe in  
You don't gotta, you don't gotta even have a reason  
(You don't even gotta have, gotta have a reason)  
You can love me, you can love me baby all weekend  
Come on, come on over here and sink your teeth in

[Chorus: Dinah & Camila]

Cause if you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf  
Cause if you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf

[Bridge: Lauren]

Don't hold back baby  
Give me that baby  
Come do anything you want  
La-la-la  
Don't hold back baby  
Give me that baby  
I'll do anything you want

[Chorus: All]

Cause if you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf  
Cause if you wanna talk baby use your hands  
If you wanna go make a move, you can  
If you want a shot, baby cock and pull  
If you're gonna bite, be a big bad wolf
