

# Fifth Harmony, I Lied

Lauren:

It's crazy how that four letter word gets tossed  
And I'm guilty, said it so many times before  
But I can't front no more  
You're the only one that's showing me the (real)  
You're the only one that's giving me these (chills)  
No ex in the past could open up my (eyes)  
Thought I found the one every time

All:

I've said I love you, but I lied  
Cause love never got me this high  
I've said I love you, but I lied  
Cause everything's different this time  
I've said I love you, but I lied  
Cause love never got me this high

Camila:

It'd be foolish if they thought they could get me back  
No-oh, no-na, yeah  
See, the truth is (Truth is) you can't lose what you never had  
And you got me so bad

Lauren (Ally ad-libs):

You're the only one that's showing me the (real)  
You're the (with Normani: only one) that's giving me these (chills) (Camila: Giving me these chills)  
No ex in the past could open up my (eyes)  
Thought I found the one every time

All (Normani):

I've said I love you, but I lied  
Cause love never got me this high (Na na na, na na na-ah)  
I've said I love you, but I lied  
Cause everything's different this time (Oh, no!)  
I've said I love you, but I lied  
Cause love never got me this high

Dinah (All):

You got that real love (Ha!)  
That text in the morning, that real love (Ha!)  
How Mary J call it, that real love (Ha!)  
We got real love  
You got that real love (Ha!)  
That text in the morning, that real love (Ha!)  
How Mary J call it, that real love (Ha!)  
We got real love

Normani:

I've said I love you, but I lied  
Cause love never got me this high  
I've said I love you, but I lied  
Cause love never got me... this high!

Dinah:

You got my love  
Talking bout' real love

All:

I've said I love you, but I lied  
Cause love never got me this high

Dinah:

Oh, I-Yeah!  
You got that real love

That text in the morning, that real love  
How Mary J call it (ooh yeah), that real love  
We got real love (you got it, you got it, you got it)  
You got that real love (real love)  
That text in the morning, that real love (Normani: Real love)  
How Mary J call it, that real love  
We got real love (ooh real love)
