

Fifth Harmony, Ladder

[Camila]

No I don't need your ladder

It's like one step forward
And two steps back
I get so close to the top,
Then comes the avalanche

[Dinah Jane]

But I keep moving,
There's no turning back
'Cause I know eventually,
I'm gonna make it there

[Ally]

You can't tell me I won't do it
'Cause I will, I will
So step it to the side 'cause I

[Dinah]

I, don't need your ladder to climb
I, don't need your ladder to climb
'Cause I know just where I'm going
I know that I'mma get there
I don't need your ladder to climb

[Ally]

No, I don't need your ladder

[Dinah Jane]

No, I don't need your ladder

[Normani]

I may be young, but I've seen it a-all
I've been up and down,
I've won the crown, I've hit the wall

[Lauren]

I don't need no ladder
'Cause I stand tall
And the harder it gets
The more I'll press, the more I'll sow

[Ally]

You can't tell me I won't do it
'Cause I will, I will
So step it to the side 'cause I

[Dinah]

I, don't need your ladder to climb
I, don't need your ladder to climb
'Cause I know just where I'm going
I know that I'mma get there
I don't need your ladder to climb

[Ally]

No, I don't need your ladder

[Dinah Jane]

No, I don't need your ladder

[Dinah Jane (Camila)]

Woah-oh-oh-oh, we'll go, go (we'll going to the top, baby)
Straight to the top, (oh, yeah), straight to the top, (yeah)

[Dinah Jane (Camila + Ally)]
Woah-oh-oh-oh, we'll go, go
Straight to the top, straight to the top

[All (Camila)]
I don't need your ladder to climb (climb, climb)
I, don't need your ladder to climb (yeah, baby)
'Cause I know just where I'm going
I know that I'mma get there
I don't need your ladder to climb

[All (Camila)]
Woah-oh-oh-oh
No, I don't need your ladder
Woah-oh-oh-oh
No, I don't need your ladder
(Oh, baby, I don't, I don't, I don't)
Woah-oh-oh-oh
(No, I don't need your ladder)

That was kinda perfect
