

Fifth Harmony, Lonely Night

Now that I got your attention, you better listen up
Cause I got questions
So why you late night texting?
And why you liking every pic of my best friend?
I get ya, get ya, get ya shit together, uh uh
I get ya, get ya, get ya shit together, uh uh

Boy, I got 20/20 vision
And that's the reason Ima keep my distance
Must be confused about me, must be confused about me
Boy, no room for fools around me, eh eh eh

If you don't treat ya mama right, bye-bye, bye bye
If you got another chick on the side, bye bye, bye bye
You look everywhere but my eyes, bye bye, bye bye
It's gonna be a lonely lonely lonely lonely night, bye bye
Lonely lonely lonely lonely
Lonely lonely lonely lonely lonely night, bye bye
Lonely lonely lonely lonely
Lonely lonely lonely lonely lonely night

If you don't learn the lesson
You can get yourself in permanent detention
If you want my love and affection
You better make a good impression
Get ya, get ya, get ya shit together, uh uh
Get ya, get ya, get ya shit together, uh uh

Boy, I got 20/20 vision
And that's the reason Ima keep my distance
Must be confused about me, must be confused about me
Boy, no room for fools around me, eh eh eh

If you don't treat ya mama right, bye-bye, bye bye
If you got another chick on the side, bye bye, bye bye
You look everywhere but my eyes, bye bye, bye bye

This is your woman, so get it right
If you don't, then I'll say "bye-bye"
Have a L-O-N-E-L-Y
La-la-la lonely night, la-la-la lonely night
La-la-la lonely night, la-la-la lonely night
This is your woman, so get it right
If you don't, then I'll say "bye-bye"
Have a L-O-N-E-L-Y
