

# Filatov & Karas, Time Won't Wait

Don't try to fight  
You know I'm here  
Waiting for you  
I know you like me  
This moment here  
Is slipping away  
Just say what you want  
Take what you need  
Everything is yours  
Only if you want it  
Reach out for love  
Don't be afraid  
No  
Don't be afraid  
Trust me when I said that

Time won't wait for us  
I just want your kiss  
I don't want to miss  
This moment  
Time won't wait for us  
Open up your heart  
Say that we won't miss  
This moment  
Time won't wait for us  
I just want your kiss  
I don't want to miss  
This moment  
Time won't wait for us  
Open up your heart  
Say that we won't miss  
This moment
