

# Finger Eleven, Above

Inside I'm gone  
You knew that all, all along  
Without the distance you never get away

Plastic bag image  
It's over now, it's over now  
The color fading is all the way to grey

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

Trusting the instinct  
It's not about what you think  
The one reaction is only to obey

And I'm staring  
All around, I'm not far down  
Judge the distance from the ground and pray

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above, yeah

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

We are strong but we're dumb  
We look above, we look above  
We are strong but we're dumb  
We look above, we look above

We look above  
Yeah  
We look above, we look above  
Yeah
