

# Fireforce, Hold Your Ground

I feel a strange desire  
When I gaze at the sky  
I want to rule with fire  
Until the day, day I'll die - The day I'll die

Riding the wings of light  
Dreaming dreams and holding tight  
Let the music take you high  
Can you hear our battle cry ?

Metal will rise - Metal survives - Metal !  
Hold your ground and feel the sound  
Steel avengers - Metal headbangers  
Raise your fist - Be sure, we exist  
Metal warriors ! In hell we are kings !

We won't let you down  
We will fight at your side  
We will make the sound  
And fight for our precious pride

Metal will rise - Metal survives - Metal !  
Hold your ground and feel the sound  
Steel avengers - Metal headbangers  
Raise your fist - Be sure, we exist  
Metal warriors ! In hell we are kings !

Metal will rise - Metal survives - Metal !  
Hold your ground and feel the sound  
Steel avengers - Metal headbangers  
Raise your fist - Be sure, we exist  
Metal warriors ! In hell we are kings !
