

# Fireforce, King of Lies

Defeating the Intruders  
Reclaiming our land  
Blowing them to pieces  
Bury them in the sand

Walk without fear to heaven  
Well known faces over there  
Dying in the prophets name  
Right here, right now  
We don't see the difference  
Between who's right or wrong

All those innocent victims  
Only make us strong  
Killing everyone around  
Blood, guts, gore  
Once we are in heaven  
We will live forevermore

I'm the king of the lie  
You're holy when you die  
Believe me when I say  
I'm on my way... I take your soul  
Be sure I'm in control - of your dying day  
I am on my way... I am the king of lies

Yes, we know it just are dreams  
All those bloody lies  
When we get our kicks  
Is when everybody dies

I'm the king of the lie  
You're holy when you die  
Believe me when I say  
I'm on my way... I take your soul  
Be sure I'm in control - of your dying day  
I am on my way... I am the king of lies

Defeating the Intruders  
Reclaiming our land  
Blowing them to pieces  
Bury them in the sand

I'm the king of the lie  
You're holy when you die  
Believe me when I say  
I'm on my way... I take your soul  
Be sure I'm in control - of your dying day  
I am on my way... I am the king of lies

King of lies!
