Fireforce, Mona Lisa

Scientific genius, long lost in time Dreaming in eternity, learning how to fly Functions of the body, aand things no one has seen Knowledge of everything, that was his dream

No one believed him, they say he was a dreamer Never a hero, but no one can deny Mysterious, he opened all the doors Of secrets we never imagined Victorious, to solve the mysteries Of secrets-unknown, the smile of the one Mona Lisa

Designing weapons for war he abhorred Led by science - And not by the lord Nature and anatomy, that's what he paints Mesmerized by that smile What's behind that face?

No one believed him, they say he was a dreamer Never a hero, but no one can deny Mysterious, he opened all the doors Of secrets we never imagined Victorious, to solve the mysteries Of secrets-unknown, the smile of the one Mona Lisa
