

Fireforce, Sekhmet - Warrior Goddess

Her breath created the desert
The eye of Ra, she led them to war
Color of blood on her body
Lady of slaughter, you've gone too far
Protect the god of the sun
Make mankind run

Goddess of war, desert and slaughter
Sent to earth by Ra
Goddess of war, sister of Hathor
Punish the world - with blood!
Sekhmet - warrior goddess

Bloodlust, much too great
Humanity, almost gone
Tricked by Ra, that sealed her fate
Turn the Nile into blood
Drink the wine of the god

Goddess of war, desert and slaughter
Sent to earth by Ra
Goddess of war, sister of Hathor
Punish the world - with blood!
Protect the god of the sun
Make mankind run
