

# Fireforce, Words of Hatred

You and your lies  
Made my feelings die  
Smile it all away  
What I do, and what I say

Always taking - your words are sharp as steel  
Never giving - you don't know how it feels

Can you feel the pain in me?  
I will never be the same  
Can you feel the pain in me?  
Can you feel?

Now run away  
I swear you'll pay  
For the sins you create  
When you die, I'll just hate

Always taking - your words are sharp as steel  
Never giving - you don't know how it feels

Can you feel the pain in me?  
I will never be the same  
Can you feel the pain in me?  
Can you feel?

No...No...  
Was it not enough?  
These words will haunt you!  
I hope you will die!

Can you feel the pain in me?  
I will never be the same  
Can you feel the pain in me?  
Can you feel the pain in me?  
I will never be the same  
Can you feel the pain in me?  
Can you feel?
