

# Firewind, Demon Nights

I want you tonight, I don't feel safe alone.  
It's sinking my mind, and now it starts to run.  
I want to run, I want to hide,  
Burning me inside...

Demon nights possess me, demon nights,  
And I feel paralyzed.  
I can't [???] demon nights.

I don't know what it is and why,  
A taste of hell, as darkness fills the sky.  
I want to run, I want to hide,  
But this feeling deep inside...

Demons nights possess me, demon nights,  
And I feel hypnotized,  
Why don't you save my soul?  
Demons nights possess me, demon nights,  
And I feel paralyzed.  
I can't [???] demon nights.

Run, run but you know that you can't hide,  
Run, these demons in your mind,  
Run, you're trapped within the blackest sky,  
Run, this feeling deep inside.

(Instrumental)

Demons nights possess me, demon nights,  
And I feel hypnotized,  
Why don't you save my soul?  
Demons nights possess me, demon nights,  
And I feel paralyzed.  
I can't [???] demon nights.
