

# First Aid Kit, Ghost Town

All of these ghost towns I keep traveling through  
All of these traffic signs and lonesome bars blindsiding me and  
I swear I can be better  
I could be more to you  
But there are things that line my path  
That I just have to do

If you've got visions of the past  
Let them follow you down  
For they'll come back to you some day  
And I found myself attached to this railroad track  
But I'll come back to you some day  
To you  
To you  
To you  
Some day

And I remember how you told me all that you wanted to do  
That dream of Paris in the morning or a New York window view  
I can see it now you're married and your wife is with a child  
And you're all laughing in the garden and I'm lost somewhere in your mind

If you've got visions of the past  
Let them follow you down  
For they'll come back to you some day  
And I found myself attached to this railroad track  
But I'll come back to you some day  
To you  
To you  
To you  
Some day

Maybe I should just turn around and  
Walk away  
For no matter how much I really do want to stay  
You know I can't, no it's too late

For I've found myself attached to this railroad track  
I'll come back to you some day  
To you  
To you  
To you  
Some day
