

First Degree, X

You don't know
What you should do

You do
What you should do

You should do
What you want to do

Think about you
Do what you wanna do
Think about

Do you think what you do
Is the thing you wanna do
'cause the thing what you think's
You don't know how to go
And to do what you do
Noone shows how to go
And the thing you should know
Is to think how to go
