

# Fishbone, Subliminal Fascism

People got problems that they can't work out  
So there sense cracks  
I read the paper and I watch the news it don't give me the blues  
It just gives me the blacks  
Starvation on the radio  
They don't play the facts  
They play the crackerjacks

Subliminal Fascism gettin' under your skin so you better wake up US

Well the bad gets worse  
Too fucked up  
And the hate grows more each day  
So when the infected try to effect you  
Don't listen to them when they say  
Follow the rules and forget the bomb  
Communistical patriotic  
The plan is subtle but it's in the open  
Kingpins Nazi scheme getting under your skin

So you better wake up US

Subliminal Fascism  
Subliminal Fascism, fascism, fascism, fascist !!
