

# Fisher, Any Way

You can take me away from my sorrow  
But you can't take away my scars  
I stand in the middle of the highway  
Playing chicken with the cars  
It's not that I'm destructive I  
Just want to feel your pain

If there was any way I could have known  
I would trip and fall away from you  
If there was anything I could have done  
To stay in love with you--with you

I wish I could say to you what you are to me  
But I know it would make you sad  
You are too good to be my lover  
But you've been the greatest dad I ever had  
You made my life so lovely I  
Just had to mess it up

If there was any way I could have known  
I would trip and fall from your grace  
If there was anything I could have done  
To stay in love with you

If I knew I'd do it twice just to make sure that  
I did it right

If there was any way that I could have known  
I would always need to be alone  
If there was anything I could have done  
To stay in love with you  
I'd be in love with you--with you
