

# Five Finger Death Punch, Salvation

[V1:]

Disgusted by your weakness  
You have no right to live  
To know you is to hate you  
But your life's yours to give

[Pre-Chorus:]

You monkey see, you monkey do  
You're always doing what they tell you to  
You're such a puppet on string  
You don't get it!

[Chorus:]

I won't bow to something that I've never seen  
I can't believe in something that doesn't believe in me  
I'm not blood of your blood, I'm no son of your god  
I've no faith in your fate  
Still I find salvation

[V2:]

You think you have the answers to every last detail

In your eyes, you're the victor  
In mine you've only failed

[Pre-Chorus:]

You monkey see, you monkey do  
You're always doing what they tell you to  
You're such a puppet on string  
You don't get it!

You monkey see, you monkey do  
You're always doing what they tell you to  
You're such a puppet on string  
You don't get it!

[Chorus:]

I won't bow to something that I've never seen  
I can't believe in something that doesn't believe in me  
I'm not blood of your blood, I'm no son of your god  
I've no faith in your fate  
Still I find salvation  
Still I find salvation  
Still I find salvation
