

FKA twigs, oh my love

I went out with this boy once, yeah
And I met all his family
Went to some, like, family barbecue
And in the end: "Oh no, you're not my girl
You know, we're just, we're just like
Hanging out, aren't we?"

Oh, my love, it's been a long, long road to get here
But you never said what you wanna do (No)
Oh, my love, it's been a long road
But you never, never said if you're letting me go, for sure
If you won't let me go, then you gotta try, hold me close

I could be with anyone
I'm fussy like a pussy cat
You're the only one I want
Give love and then you take it back
Won't the kisses all be fun?
I hate it when you give me half
Never give me half
Ayy, ayy, ayy, ayy

Everybody knows that I want your love
Why you playing, baby boy, what's up?
Everybody knows that I want your love
Why you playing, baby boy, what's up?
Everybody knows that I want your love
Everybody knows that I want your love
Everybody knows that I want your love
Want your love, want your

You wanna waste the day, I wanna spend the night
When our rhythm be runaway, I wanna make it right
You're just pushing me, pushing me
Pulling me, pulling me
Killing me, killing me
Softly, softly

Oh, my love, it's been a long, long road to get here
But you never said if you're letting me go for sure
What you wanna do?

I could be with anyone
I'm fussy like a pussy cat
You're the only one I want
Give love and then you take it back
Won't the kisses all be fun?
I hate it when you give me half
Never give me half
Ayy, ayy, ayy, ayy

When the sun sets
I could never feel bad
When the sun sets
I need to pull myself away
And you know it hurts real bad
Tell me, baby

Everybody knows that I want your love
Why you playing, baby boy, what's up?
Everybody knows that I want your love
Why you playing, baby boy, what's up?
Everybody knows that I want your love
Everybody knows that I want your love

Everybody knows that I want your love
Want your love, want your

Nah, but seriously, on a level, you're beautiful
We've not got a long time here, so

Love yourself, know your worth, an'

Fuck crying over these stupid boys that don't even recognize the worth in themselves

Just tryna steal your youth. "Bye, bye."

But I love you, and um, I wish you could see in you what I see in you, what everyone sees in you, b

That's the gold in stuff right there, and these are your golden years so, have fun
