

Flashguns, Ro Shambo

I don't want to say,
But I think so,
Maybe I could stay for a bit,
Maybe I could go,

I hope your as done,
Babe you heard me right,
She walks in the shade,
She walks in style,

Maybe I could stay for a bit,
Maybe I could go for a little while,
Maybe I could stay for a bit,
Maybe I could go,

Worked hard on this so right now don't cool me down no,

Worked hard on this so right now don't cool me down no,
Nothings gonna chance I'm gonna miss so right now don't bop around no,

Maybe I could stay for a bit,
Maybe I could go for a longer while,
Maybe I could stay for a bit,
Maybe I could go 234,

Maybe I could stay for a bit,
Maybe I could go for a longer while,
Maybe I could stay for a bit,
Maybe I could go,
