

# Fleshcrawl, The Age Of Chaos

See - Open your eyes - Take a look back  
Find truth in the past  
Your mind - Gliding through time -  
Reminds you of signs - Once seen, but defied

Trapped - By paranoid dreams -  
World inside the skull - Whatever that means  
Lies - Built upon rules, reject and refuse  
Deny and abuse

The paradox of life  
Preserve and destroy  
Heal the scars of the past  
Disappear into the void

Emerging - From the depths of a realm beyond  
New order to come  
Tesselated - Low forms of life - In your hands  
Deforming arts - A new term in this age - Overcome  
Oblivion - Obtained by obliteration

Born to be sacrificed - Homicide  
The blood, the pain, the age of chaos -  
Burnt into your mind
