

Flickerstick, Teenage Dope Fiend

She's like my nicotine
She's like my adoral
I love the way that it is killing me, killing me
My teenage dope fiend she's gotta have it all
I like the way she wants it over and over again

common common common
I love the way she screams
common common common
My teenage dope fiend
Common common common
I love the way she wants it over and over and over
I love the way she wants it over and over and over again

She says she wants to meet back in the live show?
I love her face and she is my disease my disease
I love my nicotine
I love my adoral
I love the way she wants it over and over and over

common common common
I love the way she screams
Common common common
My teenage dope fiend
Common common common
I love the way she wants it over and over and over
I love the way she wants it over and over and over again

And all I got is now
She's breaking me some how
It's amazing I'm still breathing
Now, all I got is now
She's breaking me some how
It's amazing I'm still breathing
Over and over and over again
I like the way she wants it over and over again

common common common
I love the way she screams
Common common common
My teenage dope fiend
I love the way she wants
It over and over and over
Over and over and over

I love the way she wants it
I love the way she wants it
I love the way she wants it
