

# Flo Rida, Gotta Eat

Damnit I'm proud to buy my own bag of weed  
Found me a hole that'll help plant my seed  
I got bail money they fuck with me  
(Cause in my hood err nigga gotta eat)5x

I know where I come from  
Niggas gotta grub  
Penny bitchin for paper till you poppin big bucks  
Give it up load it cock it ain't no telling with them thugs  
Dealers straight out da projects only felon that'll bust  
Some shit you don't discuss  
Snitches they get them slugs  
Damnit I'm proud to buy my own bag to fill my dutch  
Planted my own seed 9 months without bud  
Granted I got the fee but we don't pump the same blood  
You need that new Mercades  
Hummer the color gravy  
How the hell you gonna pay me  
I made a deal to 380  
Tell me I'm acting shady  
I try to ignore the lazy  
Say my grace on the daily  
If not arrest me I'm ready

(Chorus)

Gotta have that dinner platter meals on deck  
Cash coming that currency to earn that respect  
Money machines measuring making sure you collect  
Rolling that dice game you better be stoppin bets  
Keep it moving like chess  
Look for ya new address  
Proof of ghetto success  
That bently coupe is correct  
Hope the fay of the fruits of ya label mama impress  
Don't know whoever knew you supported you through the stress  
That drama on the block  
All them run-ins with cops  
Couldn't afford shoes was happy 2 pair of socks  
Steady paying ya dues that landed you in the box  
Other niggas confused you asked them to borrow gwap.

(chrous)

Grind erryday big breaks on they grain  
Preferly marinate a million strong keep the change
