

Flo Rida, No Bad Days (ft. Jimmie Allen)

We ain't havin' no bad days
We stay livin' on good times
When the cups dried up
Fill another right up
And let it just slide

We ain't havin' no bad days
'Cause we havin' them good nights
When the cups dried up
Pour another vibe up
And let it just slide

We ain't havin' no

[Verse 1: Flo Rida]

Tow truck, my Bugatti on the bed
Shibu Inu in the red
Don't know how much I can spend on this
No luck, poppin' bottles full of air
Yea it's hard to keep your hair
When you're livin' on a prayer like this
Pinky ring on the bible
I'm a product of survival, yea
I became one of my idols
You know, I know

We ain't havin' no bad days
We stay livin' on good times
When the cups dried up
Fill another right up
And let it just slide

We ain't havin' no bad days
'Cause we havin' them good nights
When the cups dried up
Pour another vibe up
And let it just slide

We ain't havin' no

Livin' life just flowin' with the top down
Nothin' but them good times fillin' up your cup now
Aint no feelin' low when you sittin' real high
Everythings cool under that blue sky
Most days just keep on simple
Nothin' too crazy, just cruisin' through the middle
Watchin' them sunsets, keepin' it easy
Enjoying my life, yea, every single season (aye)

We ain't havin' no bad days
We stay livin' on good times
When the cups dried up
Fill another right up
And let it just slide

We ain't havin' no bad days
'Cause we havin' them good nights
When the cups dried up
Pour another vibe up
And let it just slide

We ain't havin' no
We ain't havin' no bad days
(We ain't havin' no)

(We ain't havin' no)
We ain't havin' no bad days
(Ahh yeah)
(We ain't havin' no)
We ain't havin' no bad day
