

# FLO, Walk Like This

There's a reason I walk like this (I walk!)  
my baby he be loving on this (Ah yeah)  
When he do it he be working that shit  
And every night he got me wantin more of it  
There's a reason I walk like this (I walk!)  
Side to side with a sway in my hip (sway sway)  
When he do it he be working that shit  
And every night he got me wanting more of it

been a bad girl  
i been feenin  
hit it so good  
every weekend  
lotta missed calls but i ain't seen it  
i been too gone i can't believe it  
got my make up on his mattress  
been here so long, what's my address?  
it's an addiction and it's a habit  
i can be a lot but he can manage, yeah

we been going non stop  
nobody does my body how he does my body  
he got this thing on lock  
the way he does it I ain't tryna hear nobody  
nooo  
the way that he squeezes it, touches it  
oooh oooh  
if he keeps this up I might need crutches like

no no Ain't no point in fighting it  
Ima cowgirl how im riding it  
me and this \*\* go good together  
he be all up in my river

all night i been in this bed  
he been in my head i been in his head  
move my body right and left  
do that thing again  
keep me coming back
