

# Florence & The Machine, Hunger

at 17, i started to starve myself  
I thought that love was a kind of emptiness  
and at least I understood then the hunger I felt  
and I didn't have to call it loneliness

we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger

tell me what you need, you look so free  
the way you sue your body, baby  
come on and work it for me  
don't let it get you down  
you're the best thing I've seen  
we never found the answer  
but we knew one thing

we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger

and it's Friday night and it's kicking in  
and I can't dress they're gonna crucify me  
but you and all your vibrant youth  
how could anything bad ever happen to you  
you make a fool of death with your beauty  
and for a moment

I thought that love was in the drugs  
but the more I took, the more it took away  
and I could never get enough  
I thought that love was on the stage  
you give yourself a stranger  
you don't have to be afraid  
and then it tries to find a home with people  
and I'm alone  
picking it apart and staring at your phone

we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger

tell me what you need, you look so free  
the way you sue your body, baby  
come on and work it for me  
don't let it get you down  
you're the best thing I've seen  
we never found the answer  
but we knew one thing

we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger  
we all have a hunger

and it's Friday night and it's kicking in  
and I can't dress they're gonna crucify me

but you and all your vibrant youth  
how could anything bad ever happen to you  
you make a fool of death with your beauty  
and for a moment I forget to worry
