Florence & The Machine, No Light, No Light

You are the hole in my head You are the space in my bed You are the silence in between what I thought And what I said

You are the night time fear You are the morning when it's clear When it's over you'll start You're my head You're my heart

No light, no light in your bright blue eyes I never knew daylight could be so violent A revelation in the light of day You can't choose what stays and what fades away

And I'd do anything to make you stay No light, no light No light Tell me what you want me to say

Through the crowd, I was crying out And in your place there were a thousand other faces I was disappearing in plain sight Heaven help me, I need to make it right

You want a revelation, You wanna get it right But, it's a conversation, I just can't have tonight You want a revelation Some kind of resolution You want a revelation

No light, no light in your bright blue eyes I never knew daylight could be so violent A revelation in the light of day, You can't choose what stays and what fades away

And I'd do anything to make you stay No light, no light No light Tell me what you want me to say

Would you leave me,
If I told you what I've done?
And would you need me,
If I told you what I've become?
'cause it's so easy,
To say it to a crowd
But it's so hard, my love,
To say it to you alone

No light, no light in your bright blue eyes I never knew daylight could be so violent A revelation in the light of day, You can't choose what stays and what fades away

And I'd do anything to make you stay No light, no light No light Tell me what you want me to say

You want a revelation,

You wanna get it right But, it's a conversation, I just can't have tonight You want a revelation Some kind of resolution You want a revelation

You want a revelation,
You wanna get it right
But, it's a conversation,
I just can't have tonight
You want a revelation, some kind of resolution
Tell me what you want me to say.
