

# Foo Fighters, Shame Shame

if you want to ill  
I make you feel something real  
just to bother you  
now i got you under thumb  
like a drug  
i will smoothen you

I'll be the one  
Be the moon  
Be the sun  
Be the rain in your song  
Go and put that record on  
If you want to  
I'll be the one  
Be the tongue that will swallow you  
Shame, shame  
Shame, shame
