Fool's Garden, Nothing

There's no picture, I could paint to tell you what you mean to me And no poem, I could write to tell you what you mean to me

You're more than fire You are more than rain You're more than love And you are more than pain No, no, there's no single word that could explain

There's no flower, blooming like the smile in your ethereal eyes And no scholar, ever could explain it - he could be so wise

You're more than heaven You are more than Earth You're the origin You are more than birth You're more than beautiful You're everything to me

It's not the way that you move It's not the glowing on your face when you smile that makes me trembling and calm It's not that look in your eyes when I am going It's just everything - what you are

There's no ocean, deep enough to show you what you mean to me And no mountain, high enough to show you what you mean to me

You're more than meaning You are more than time You are redemption You're the reason why You're so mysterious You're everything to me

It's not the way that you move It's not the glowing on your face when you smile that makes me trembling and calm It's not that look in your eyes when I am going

Don't you let them live in your soul whenever they will try to barricade the way that you go You're fragile - souls can fly

It's not the way that you move...
