

# Fool's Garden, Who Are You

Take off the mask,  
take softly and feel!  
Spread it all and get it close  
Scream a little while  
You've commanded what I spoke

Who are you?  
Oh, let it fall  
Who are you?  
Try!  
Can you feel?  
Who are you?

Hey, why am I getting so weary?  
Why do you chase the law  
You sink this ship of silence  
with the clearings that you take  
I'm alive but I'm beside me  
Change a little while  
you will see the blue  
but they don't know

Who are you?  
Dream a little while!  
Who are you?  
Well I guess it's the rain today  
Who are you?  
Change a little while  
Who are you?  
Make your way back home

Well!  
Don't go this way  
leave it and speak!  
Don't let it rain  
Don't let it fall,  
turn off this call  
Don't let me down

Who are you?  
Dream a little while  
Who are you?  
Save me!  
Who are you?  
Oh, let it fall  
Who are you?  
Who?
