Foolproof, Fall From The Sky

I beg to bleed And I'm so sorry but I just cant go on The feeling's gone I swam the tide capsized inside And tonight she blows Bombs away

It's gonna fall fall from the sky It's gonna pour like hell tonight And now I hear you say I'm gone today

She said to me I'm so happy but she lost faith today Stale and grey I know you've tried so let me go inside And tonight she blows Bombs away

And it's gonna fall fall from the sky It's gonna pour like hell tonight And now I hear you say I'm gone today You've passed through the final wall You've come so close to end it all And now I hear you say it's all okay

I can't
Can't let go of it
Wanna face the day to be a part of it
Stand back for the rewind
I'll see you face to face for the last time
Bombs away

Fall, fall from the sky Burn like hell tonight Take my hand and pretend It's gonna

Fall fall from the sky It's gonna pour like hell tonight At last I heard you say it's all okay
