

# For All Those Sleeping, I Am Forever

It's the same story  
That I've heard a thousand times  
I put my heart out on the line  
But that's not good enough for you  
I'm never good enough for you  
At the end of the day what have you done  
How can you sleep  
Well I won't rest until  
I give a voice to all the weak

What makes you think that I need to impress you  
What makes you think

If you wanted a war well you've got it  
I'm coming for you  
If you think I'll be forgotten  
(Then I've got news for you)  
You're always talking  
I hear all your words  
But now it's time to make a move  
You may be today but I am forever

It's the same story  
That I have already seen  
I wear my heart out on my sleeve  
But that's not good enough for you  
I'm never good enough for you

What makes you think that I need to impress you  
What makes you think

If you wanted a war well you've got it  
I'm coming for you  
If you think I'll be forgotten  
(Then I've got news for you)  
You're always talking  
I hear all your words  
But now it's time to make a move  
You may be today but I am forever

If you're gonna step up  
Stay strong and stand for something [x4]

If you wanted a war well you've got it  
I'm coming for you  
If you think I'll be forgotten  
(Then I've got news for you)  
You're always talking  
I hear all your words  
But now it's time to make a move  
You may be today but I am forever
