

# Four Of Diamonds, Blind

[Verse 1: Caroline]

Now we're face to face  
But now's not the time to stand here and embrace  
Get your hands off my waist  
You're testing my patience so now tell me straight  
Why am I hearing your name?  
When I'm out with my girls, now's the time to explain  
Who's Sarah? Who's Jane?  
Why you acting betrayed?

[Pre-Chorus: Yasmin]

'Cause I'm not the one to blame here  
No I'm not the one to blame here, no  
You know that I ain't

[Chorus: All & Lauren]

Too blind to see it  
Too blind to see what you are doing  
You look me dead in the eyes, told a thousand lies  
Too blind to see it  
Too blind to see what you are doing  
You lie, you lie, you lie

[Verse 2: Sophia]

I know what I saw  
So why you ignoring missed calls on your phones?  
All your messages show  
You know this person, it's clear you're involved  
Isn't this what you want?  
To drive me crazy, so crazy  
Isn't this what you want?  
You're into the drama

[Pre-Chorus: Yasmin]

'Cause I'm not the one to blame here, no  
No I'm not the one to blame here, no  
You know that I ain't

[Chorus: All & Lauren]

Too blind to see it  
Too blind to see what you are doing  
You look me dead in the eyes, told a thousand lies  
Too blind to see it  
Too blind to see what you are doing  
You lie, you lie, you lie

[Bridge: Yasmin]

Fool me once but you can't fool me twice  
'Cause I ain't too blind to see  
Too blind to see what you're doing to me  
Fool me once but you can't fool me twice  
'Cause I ain't too blind to see  
Too blind to see what you're doing to me

[Chorus: All & Lauren]

Too blind to see it  
Too blind to see what you are doing (what you're doing)  
You look me dead in the eyes, told a thousand lies  
Too blind to see it  
Too blind to see what you are doing  
You lie, you lie, you lie  
Too blind to see it  
Too blind to see what you are doing  
You look me dead in the eyes, told a thousand lies

Too blind to see it  
Too blind to see what you are doing  
You lie, you lie, you lie
