

Four Of Diamonds, Let Me Love You

[Intro]

(Baby, baby, ah)
(Baby, baby, ah)
(Baby, baby, ah)
(You should let me love you)

[Verse]

Your true beauty's description
Looks so good that it hurts (Baby)
You're a dime plus ninety-nine
Don't even know what you're worth (Baby)
Everywhere you go they stop and stare
'Cause you're bad and it shows
From your head to your toes
Out of control, baby, you know (Baby, you)

[Chorus]

Baby, you should let me love you, love you, love you
Let me be the one to, one to, one to
Baby, you should let me love you, love you, love you
Give you everything you want and need

[Post-Chorus]

Baby, baby, ah
Baby, baby, ah
Baby, baby, ah
You should let me love you
Baby, baby, ah
Baby, baby, ah
Baby, baby, ah
You should let me love you
