Four Of Diamonds, Name On It

[Intro: Burna Boy] Ay, ay, ay, ay They call me Burna, Boy O-O-T

[Verse 1: Yasmin & Damp; Lauren] I give my body
It must count for something
Every time I talk 'bout love
You don't say nothing
What are we doing?
It's time you start choosing
And if I'm not the one
Please, keep it moving

[Pre-Chorus: Sophia]
If you can't tell me where I stand
I will find somebody who can

So, this is goodbye

[Chorus: Caroline & Damp; Sophia & Damp; Lauren] You don't wanna put your name on it You don't wanna put your name on it You don't wanna put your name on it No, something ain't right You don't wanna put your name on it You don't wanna put your name on it You don't wanna put your name on it You don't wanna put your name on it

[Verse 2: Caroline & Damp; Yasmin] So in love with my figure When you're drinking that liquor Got me feeling like I'm the bae But crop me out of your pictures Can't be seen in daylight And you won't do date nights Anyone would think you're ashamed But it won't make me cry

[Pre-Chorus: Lauren]
If you can't tell me where I stand
I will find somebody who can

[Chorus: Caroline & Deprise & Deprise

[Bridge: Burna Boy]
Every time you said goodbye
You never, never look me in my eye
Girl, don't I give you everything you ask of me?
The love and my money
But now you want my name pon it
Yeah yeah
Baby gal, you know that's a challenge
'Cause everybody know man a savage, ah
My enemies go for the people I love
I try not to let 'em know

So when you done playin', you can come find me, find me You'll never find another, 'nother like me

[Chorus: Caroline & Deprise and Superior and Caroline & Deprise and Superior and Caroline & Deprise & Depr

[Outro: Caroline & Damp; Sophia]
You don't wanna put your name on it
You don't wanna put your name on it
You don't wanna put your name on it
No, something ain't right
You don't wanna put your name on it
You don't wanna put your name on it
Just wanna put your hands on my body, on my body
