Four Star Mary, Pain (Slayer Mix)

Feeling I've been lost for years You can never understand me Unless you've seen those tears But you never get to sleep When I'm away I don't mind The deeper that you lay Out of time Pain, I can't sleep Pain, I can't sleep Running, running from those days There's another one inside me Guess I've gone insane But you always run away When I come around I don't mind The day I'll track you down Run you down Pain, I can't sleep Pain, I can't sleep Don't stop, don't talk Do not fuck with me Loaded, loaded up this gun There's a killer in me Hoping, hope that you're the one But you always run away When I come around I don't mind The day I'll track you down And terrify Pain, I can't sleep Pain, I can't sleep

Pain, I can't sleep
