

Fox, Go Ahead (feat. Paulina Przybysz)

You can't what ___
Can steal from the one
You can't what ___
Can steal from the one

Go ahead
Smack my face
And I will feel it!
Only know
Let remains
For what I am believed
Go ahead
Take my pride
I never had one
Cut my heart with a knives
I wanna bad luck

It's like crash in the water
It's like bitten live
Over, over and over
You know I want fight
