

# Frank and Derol, Barely Love You Too

(Frank and Derol, czyli siostra Miley Cyrus wraz z przyjaciółką)

Say you will  
Say you won't  
You can wear my sticker  
You can have my vote  
I don't really care even if you don't  
'Cause you make me smile  
Yeah, you make me smile!

Tell me this  
Tell me that  
If I feel it too then I can say it back  
'Cause every heart I've owned  
I've had to give it back  
Don't you make me smile  
Don't you make me smile  
Stop this game  
I'm not afraid to say I'm not ashamed  
You know that I would do anything  
Tell me what you wanna say  
Is it safe enough to say?

I barely love you too  
I barely love you  
I barely love you too  
Hey, hey, hey  
/2x

Take a chance if you dare  
Make it easier for me to meet you there  
And even if this road ends up at nowhere  
Make it count for now  
Make it count for now  
Stop this game  
You got me feeling like I'm so insane  
You know I'd tell you but I feel restrained  
Is it safe enough to say?  
Qu'est-ce que c'est?

I barely love you too  
I barely love you  
I barely love you too  
Hey, hey, hey  
/2x

Don't wanna be the first to admit it  
I wanna know that you're all in it  
I feel like jumping off for the first time

I barely love you too  
I barely love you  
I barely love you too  
Hey, hey, hey  
/4x
