

Frank Sinatra, It's All Up To You

Dinah:

Even Superman supports the good health plan
He knows what it will do, it's all up to you, it's all up to you

Frank:

Spread the health alarm to every town and farm
And preach the good health view, it's all up to you, it's all up to you

Dinah: You'll find being healthy means more than a well-filled hearse

Frank: What good's being wealthy when you can't buy a doctor or a nurse?

Dinah: When the job is done

Frank: We'll wind up number one

(Musical interlude)

Frank: We need vitamins and medicines and beds to spare

Dinah: Places where the sick can go and get some care.

Frank: Lots of new equipment to combat disease

Dinah: Free examination for the kids and class

Frank: A kid whose health is good will have a chance to pass

Dinah: If we do these thing and we will be the state

(Musical interlude)

Frank: Do your state a favor, the task is yours alone

Dinah: Be a real life saver, and chance is that you will save your own

Frank: Get in there, get yourself someone to help.
