

Franky Wah, Time After Time (ft. Jessie Ware)

Time After Time
we play to the end
oh, i can't wait for us to start again
Time After Time
again and again
oh, i can't wait for us to start again
to make me feel good
to make me feel good
to make me feel good
feel good, feel good
to make me feel good

somedays
to make me feel good
somedays
to make me feel good
somedays
to make me feel good
somedays
to make me feel good

can't stop thinking about you now
I can't stop thinking about you now
can't stop thinking about you now
I can't stop thinking about you now
