

Franz Ferdinand, Evil Eye

What's the color of the next car?
Are you ready bastard?
Don't believe in god don't believe in that shit
Not me!
I'd like to bring them down
Not me!
Some fool who dumb dumb do, Not! Not! Not me

Oh Some people get freak at me
Some people can't see that I can oh! (see)
Some people wanna see what I see
Some people put an evil eye on me

I have the evil eye, I I I see your soul,
Your wear it on your face, it's what evokes you to

What's the color of the next car?
Are you ready bastard?
Don't believe in god don't believe in that shit
(Not me!)Not me
I'd like to bring them down
(Not me!)Not me
Some fool who dumb dumb, Not! Not! Not me

(Some)Some people get freak at me
Some people can't see that I can oh (see)
Some people wanna see what I see
Some people put an evil eye on me

It looks so clean but I can see the crawling, crawling creatures
Suspended in solution, no, no, there's no solution?

Some people get freak at me
Some people can't see that I can oh (see)
Some people wanna see what I see
Some people put an evil eye on oh
Some people wanna see what I see
Some people put an evil eye on oh
Some people wanna see what I see
Some people put an evil eye on me
