

Franz Ferdinand, Jeremy Fraser

We stopped the time for Jeremy Fraser, he died of a lance of silver
We stopped the time for Jeremy Fraser, he died of a lance of silver

Do you want to know how we stopped the time?
There's no reason to know

We stopped the time for Jeremy Fraser, he died of a lance of silver
In the middle of the trees all we taught him was
Freeze, freeze, freeze when it came to what dragged from the woods
And dumped in the middle of our old schoolyard
He was dragged from the woods and dumped in the middle of our old schoolyard
Do you want to know how we stopped the time?
There's no reason to know

Working hard on his appearance
What can you do when
you're left with a dead and bleeding heart?
His friends grow older these days
We're sorry for the lack of Jeremy Fraser

Do you want to know how we stopped the time?
There's no reason to know

We stopped the time for Jeremy Fraser, he died of a lance
of silver
