Franz Ferdinand, Jeremy Fraser

We stopped the time for Jeremy Fraser, he died of a lance of silver We stopped the time for Jeremy Fraser, he died of a lance of silver

Do you want to know how we stopped the time? There's no reason to know

We stopped the time for Jeremy Fraser, he died of a lance of silver In the middle of the trees all we taught him was Freeze, freeze when it came to what dragged from the woods And dumped in the middle of our old schoolyard He was dragged from the woods and dumped in the middle of our old schoolyard Do you want to know how we stopped the time? There's no reason to know

Working hard on his appearance What can you do when you're left with a dead and bleeding heart? His friends grow older these days We're sorry for the lack of Jeremy Fraser

Do you want to know how we stopped the time? There's no reason to know

We stopped the time for Jeremy Fraser, he died of a lance of silver
