

Franz Ferdinand, Lucid Dreams

I'm gonna give my aimless love
My angry heart, my desire
I woke with wings from lucid dreams
I knew the reason I felt hollow
Was that I may never know
If there is some great truth or not

There is no
I dream a nation of you "(whoa whoa)"
A new utopia for you to live in
I dream a nation of me "(whoa whoa)"
A new ambrosia where we can live in

Lucid dreams
Uh huh, yeah
I'm livin' in lucid dreams
Uh huh, yeah

Sweep slides on my stereo
Shortwave ride my rodeo
Became from that of Savalan
But I'm flying to Istanbul
Oh so, why don't you come along?

I dream a nation of you "(whoa whoa)"
A new utopia for you to live in
I dream a nation of me "(whoa whoa)"
A new area where we can live in

Lucid dreams
Uh huh, yeah
I'm livin' in lucid dreams
Uh huh, yeah

Lucid dreams, I'm livin' in lucid dreams
I'm living in shortwave streams, oh
Lucid dreams, I'm livin' in lucid dreams
Living on shortwave streams tonight "(aah)"
I'm living in lucid dreams, uh huh yeah
I'm living in lucid dreams, uh huh yeah
Uh huh, yeah
