

# Freddie Mercury, A Winter's Tale

It's Winter-fall  
Red skies are gleaming, oh  
Sea-gulls are flyin' over  
Swans are floatin' by  
Smoking chimney-tops  
Am I dreaming  
Am I dreaming?  
The nights draw in  
There's a silky moon up in the sky, yeah  
Children are fantasizing  
Grown-ups are standin' by  
What a super feeling  
Am I dreaming  
Am I dreaming?  
woh woh woh woh  
(dreaming) So quiet and peaceful  
(dreaming) Tranquil and blissful  
(dreaming) There's a kind of magic in the air  
(dreaming) What a truly magnificent view  
(dreaming) A breathtaking scene  
With the dreams of the world in the palm of your hand  
(dreaming) A cosy fireside chat  
(dreaming) A little this, a little that  
(dreaming) Sound of merry laughter skippin' by  
(dreaming) Gentle rain beatin' on my face  
(dreaming) What a extraordinary place  
And the dream of the child is the hope of the hope of the man  
It's all so beautiful  
Like a landscape painting in the sky, yeah  
Mountains are zooming higher, mmm  
Little girls scream and cry  
My world is spinning and spinning and spinning  
It's unbelievable  
Sends me reeling  
Am I dreaming  
Am I dreaming  
Oooh it's bliss
